

## Text Messaging Service

The Practice is now using a text messaging system.

We will use this to confirm appointments at the time of booking and remind patients of these appointments 24 hours before.

We may also use this system as an alternative to contacting patients by phone or letter if appropriate.

We will use it to inform patients of the Annual Flu Clinics and any other campaigns which may arise.

Texts will not be sent to patients under 16 years of age and will only be sent between 8am and 8pm.

If you do wish to receive communication by text, and have not already received notification from us, please provide us with your mobile number.

**If you do not wish to receive communication by text, please advise reception.**

Please remember to inform us if you change your mobile phone number.
